Celebrating 43 Years of
EMS Collaboration and Cooperation

1975-2018

ABOUT AEMS

Arizona Emergency Medical Systems, Inc. (AEMS), a 501(c)(3) non-profit, is a community-based volunteer organization dedicated to enhancing emergency medical services (EMS) and trauma care for the Central Arizona Region (which includes Maricopa, Gila, and Pinal counties).

Since 1975, AEMS has facilitated the collaboration of physicians, nurses, EMTs, paramedics, and hospital administrators to ensure that emergency medical care is delivered in a coordinated manner, and moreover, that it is meeting the needs of the public.

MISSION

AEMS shall facilitate continuous improvement of the diverse components of Emergency Medical Services for the Central Arizona Region, through an inclusive, collaborative, patient-focused, and comprehensive approach, to meet the changing needs of the System and the community.

SUPPORTING SERVICES

Management As a non-profit organization, AEMS is managed by an active and involved Board of Governors and Executive Committee. The Executive Director is the only paid staff person who works in conjunction with the Board and Executive Committee to manage, coordinate, and implement the overall operations of the organization. To ensure organizational accountability, the AEMS Board of Governors, Executive Committee, and Executive Director regularly meet and communicate. During 2017-18, six Board meetings and six Executive Committee meetings were held.

Financial Accountability The AEMS Board of Governors is charged with ensuring that the financial resources of AEMS are properly and efficiently safeguarded, maintained, and used. The Board is also responsible for adopting management practices that foster and support the long-term sustainability of the organization. To uphold the organization's financial health and integrity, a contracted bookkeeper conducts a monthly review and reconciliation of AEMS' finances. Additionally, a financial audit was conducted by Ball & McGraw PC, an independent certified public accounting firm.

Volunteer Hours Through planning, coordinating, implementing, and participating in various AEMS activities, volunteers contributed a conservatively estimated **2735 hours** during 2017-18. **THANK YOU!**

Estimated hours donated per committee:

- Board = 562
- Functional Group = 720
- Executive Committee = 330
- RED Book = 120
- Categorization = 120
- Conference Planning = 750
- Education/Training Presenters = 133

IN MEMORIAM

We were all saddened to learn of the passing of two of our Board colleagues this year. We know their spirits remain alive through their EMS legacy and the memories of those who loved, respected, and treasured them.

Tracey Schlosser, BSN, RN passed away on January 19, 2018.

In 2009, Tracey was elected to serve on the AEMS Board of Governors. For over eight years, Tracey supported and advocated for AEMS while assisting with numerous activities of the EMS Odyssey, RED Book, and Categorization committees. Tracey will be deeply missed by the EMS community. Through her roles as a nurse, prehospital coordinator, and educator, Tracey touched the lives of countless patients, their family members and friends, and EMS, hospital, and other healthcare colleagues. Those of us whom had the privilege of interacting with Tracey through AEMS, always found her a pleasure to work with and appreciated her compassion, wisdom, humor, and warmth.

Thomas L. Wachtel, MD passed away on Tuesday, March 6, 2018.

For many years, Dr. Wachtel served on the AEMS Board of Governors where he was the Chair of the Trauma Committee. He was a highly respected surgeon who served as Medical Director at Scottsdale Healthcare. Dr. Wachtel was admired by his fellow AEMS Board members as well as his many other colleagues for his intelligence, kindness, dedication, and compassion. For more than 30 years, he was a senior trauma surgeon and medical director of trauma centers in San Diego (UCSD & Sharp), Denver, Phoenix, and Scottsdale. He has held prestigious leadership positions at medical organizations including the American Burn Association and the American Surgical Association.

VACATED

Several Board members relinquished their positions this year. Special thanks to the following for the support and service provided AEMS during their tenure:

- **Dan Bramble**

PROGRAM AREAS OF FOCUS

Education, Prevention, and Training Education, training, prevention, and awareness activities are a cornerstone function of AEMS. During 2017-18, AEMS coordinated the 18th Annual EMS Odyssey Conference. Additionally, AEMS coordinated six Functional Group meetings which averaged approximately 40 participants. The Functional Group meetings promoted education through presentations of Topical Focus (discussion of current issues), Agency/Hospital and Program Profiles (Central Arizona Region information sharing), and Lunch N Learn (knowledge based learning).

Planning, Community Outreach & Resources and Advocacy Planning is an intrinsic part of AEMS' mission. It is a necessary tool to implement all of AEMS' activities from the Functional Group process to the Board level. Through collaboration and cooperation with the Central Arizona Region EMS and trauma care professionals, community outreach and resource coordination are a natural focus and outcome of AEMS' activities. Advocacy is crucial to the AEMS' mission as well as for its service to the State of Arizona. AEMS is charged with working together and advocating for the best practices of EMS and trauma care for the Central Arizona Region and statewide.

2018 EMS Odyssey Conference

Pre-Conference The 18th Annual EMS Odyssey conference began with a Pre-Conference held on May 9, 2018 at the Desert Willow Conference Center in Phoenix. This Pre-Conference was divided into two training components.

The morning session - **Frontline on the Homefront** - provided a panel of various experts on the subject and patients presenting their personal experience on how EMS may better respond to vets in crisis. We are grateful for the time, expertise, and experience shared by Dean Pedrotti, BS, MBA; Annette Hill, MC, LPC, NCC, EMDR-Certified Therapist; Terry Araman; and Budd Gilbert

The afternoon session - **Ventricular Assist Devices (VADS)** - was a hands-on workshop that provided caregivers with expertise on how to manage VAD patients in emergency and transport situations. Participants were provided the opportunity to interact with actual LVAD patients. Special thank you to Allen C. Wolfe, Jr, MSN, CNS, APRN, CFRN, CCRN, CTRN, CMTE for his coordination and instruction of this training.

EMS Odyssey Main Event AEMS successfully implemented the 18th Annual EMS Odyssey Conference held May 10-11, 2018 at the Desert Willow Conference Center in Phoenix. Some of the main conference presentation topics included: Cultural and Medical Competency Relating to Transgender Patients; Innovations in the Management of Intracranial Hemorrhage; Not on My Shift: Behavioral Health Problems; Orchestrating a Better Death Experience; Opioid Abuse: What is the Future?; Be Connected: Suicide Prevention for AZ Service Members, Vets, and Families; Mass Casualty Events in War; The Magic of Mindfulness; Southwest Critters: A Toxic Relationship; Hot Topics in EMS; Wilderness Breakdown: Mental Health Emergencies in the Wild; and Just When You Thought You Had Seen It All: and Crazy Case Studies.

Additionally, a special pediatric track was offered that included: School Shootings and Pediatric Trauma; Recent Advances in Prehospital Pediatric Trauma; Child Maltreatment for First Responders; Recognition and Care of Sepsis in the Pediatric Patient; Pediatric Special Considerations.

A special thank you to all our fantastic presenters for their time, expertise, and experience shared: Kubwimana Moses Mhayamaguru, MD, EMT-P; Meg Bergeson DNP, ACNP-BC, FNP-BC; Bernard Bendok MD, MSCI, FACS, FAANS, FAHA; Dave Tellez, MD, FCCM, FAAP; Noreen Vanca, RN, MS, COO, CNO; Jessica Hanson, RN; Emily Laflamme; Lynn Browne-Wagner, MSN, RN; Joseph Sucher, MD, FACS; Jamie Valderrama, MAIS; Julie Baumgarth, MSN, RN, CPNP-AC, SANE A/P; Jonathan Maitem, DO; Zebulon Timmons, MD, FAAP; Steven A. Maher, M.D., FACEP, FAEMS; Chris Williams, MD, FAWM; Alexander, Toledo, D.O., Pharm.D., FAAEM, FAAP; and Joseph Winchell, DO, FACEP;

As the result of the generous financial assistance and contributions made to the AEMS Scholarship Fund, the registration fees were waived for 15 participants of the 2018 EMS Odyssey. Thanks to assistance from the Arizona Department of Health Services, Bureau of Women's and Children's Health, ten scholarships were awarded to rural providers and three scholarships were awarded to nurses

PLANNING • COMMUNITY OUTREACH & RESOURCES • ADVOCACY

RED Book (Regional EMS Directory) The RED Book continues to serve as valuable resource tool for field EMS and trauma personnel. As a “living document,” the RED Book requires frequent updates and changes. The RED Book Committee, which is composed of the Valley Medical Directors group and other Region constituents, meets regularly to discuss current evidence-based science and re-evaluate current protocols for practicality, effectiveness, and scientific recommendations.

During 2017-18, RED Book Chapter 3, Standing Orders content was regularly reviewed to ensure patient safety and best practices. Various updates, word modifications, and formatting changes were applied to content relating to: Special Consideration; Management of Pediatric Cardiac Arrest; Hypoglycemia; Sedation; Pediatric Sedation; Drug Profile; Trauma Centers and PICU Locations; Adult Respiratory Distress; 12 Lead; Special Circumstances; Hypoglycemia for Adult and Pediatrics; Adult Wide Complex Tachycardia; Sepsis Adult; Sedation; Pain Management; Altered Neuro; Poisoning/OD; and Termination of Resuscitation

Categorization The activities of the Categorization Committee during 2017-18 included:

- Reviewed and revised RED Book, Chapter 7, Categorization, including the questionnaire.
- Categorized Honor Health Scottsdale Shea Medical Center – Stroke Center
- Updated Categorization matrix.
- Elected a new Chair, Dan Didier with Abrazo Community Health Network.

The Southeast Sector Diversion Oversight Committee (SESDOC) Because Diversion activities in the SE Sector were thought to have reached a steady and acceptable state in 2017, the SE Sector Diversion Oversight Committee (SESDOC) was placed on hiatus in the mid-portion of that year. Because of a flurry of Diversion activity in early 2018, accompanied by a fairly drastic prolongation of ambulance off-load times, an emergency meeting of the reconstituted SESDOC was held in February 2018.

Many aspects of the diversion/no-diversion and off-load policies of the Sector were candidly discussed at the meeting. It was felt that continued oversight of these processes and ongoing collegial efforts of both hospital and pre-hospital agencies to increase patient and emergency department safety were necessary during times when the system was operating at full surge capacity.

Other sectors in the urban Maricopa County had similar issues and were having good results operating under sub-regional guidelines. SE Sector stakeholders took note of this, and believed their issues could best be addressed through their already-in-existence East Valley Agencies Committee. The AEMS Executive Committee and the AEMS Board of Governors agreed. The SESDOC was permanently disbanded shortly thereafter.

Regional Emergency Medical Services Coordinating System Central Regional EMS Council for the Arizona Department of Health Services (ADHS) On behalf of the State of Arizona, AEMS serves as the Regional Emergency Medical Services Coordinating System for the Central Arizona Region. AEMS continues to have a productive and successful partnership with ADHS and maintains representation on and active involvement with numerous state committees and initiatives concerned with EMS, trauma, disaster preparedness, stroke, pediatric, community paramedicine, and other pertinent issues.

RECOGNITION

In the arena of human life, the honors and rewards fall to those who show their good qualities in action.

Aristotle

Recognition has always been a big part of AEMS. It is a tradition of our EMS Odyssey Conference that we designate time to recognize the EMS and trauma care professionals serving the Central Arizona Region. During AEMS Board of Governors' Annual Meeting, we present Service Awards to honor individuals and agencies/hospitals that have significantly contributed to the advancement of the AEMS organization.

The Aces of Hearts Awards honors EMS and trauma professionals who go that "extra mile" while on duty. This was our 17th year in offering an EMS recognition program and we are always excited to acknowledge the work of so many fine recipients.

Service Awards This year three individuals were recognized for their outstanding contributions to the AEMS organization. This special Service Award was presented during the AEMS Board of Governors meeting in October 2017.

With appreciation and gratitude to the following:

Toni Gross, MD

Alyson Welch

Betty Yunick

Aces of Hearts In recognition of outstanding EMS, trauma, and other healthcare professionals serving the Central Arizona Region, the Aces of Hearts Awards were presented during the EMS Odyssey Conference on May 11, 2018.

2018 MEMBERSHIP CAMPAIGN AEMS depends on organization (agency/hospital) membership dues as a primary source of revenue for its continued operation. Membership dues contribute to over half of AEMS' administrative and program budgets. AEMS was just shy of achieving its 2018 membership goal of \$65,000, reaching only **\$58,380.00**. Thanks to all those who assisted with securing the financial support of their agency/hospital - AEMS appreciates your help in our attempts to reach our goal. Special thanks to all the hospitals and agencies listed below - your continued support is appreciated. We are also grateful for all the individuals whom contributed to this year's campaign.

AFTERWORD

The past year has been another very successful one for AEMS. During 2017-18, AEMS promoted and coordinated numerous opportunities for education, information and networking exchanges, resource sharing, and engagement on issues concerning Central Region EMS. This year AEMS partnered with the Arizona State Fire School to provide education to rural EMS providers.

We continue to appreciate and be thankful for the ongoing participation and support that we receive from our EMS, Fire-Based, and hospital-based partners. AEMS members have maintained an active voice for Central Region EMS through our AEMS activities and representation on State committees and in their meetings. We look forward to 2018-19 and the opportunities that will be presented to us. We look forward to another active and productive year for AEMS, our member agencies, and partners.
